8				M8 Nut	20	M8
				Washer 1	16	∅16x ∅8.2x1.5

Step1 Connect transverse tube and bottom tube using screws and nuts.

Step2 Before installing the universal wheel, lock the wheel first, then install the 4 wheels according to clockwise direction as shown at pictures. Do not unlock after installation,so that it's easier for the following installation.

Step3 Use screws to fix upright and column circular tube onto bottom tube.

Step4 Install wall plate adapter.

Step5 Extended panel installation, since the panel is relatively heavy, need two people carrying both ends to maintain a balance when tightening the nuts.

Step6 Repeat steps 5 installation method to install a the second panel.
