Adjustment Instructions

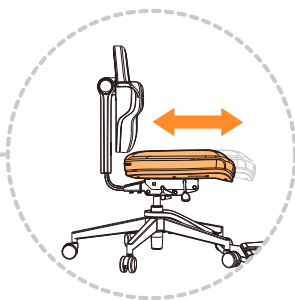

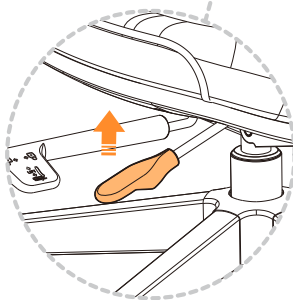

Lifting the backrest to its highest position will release the lock and automatically reset it to the lowest position.

Seat Back Height Adjustment

lift up the backrest slowly and stop at wherever you feel comfortable

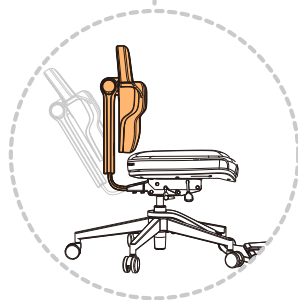

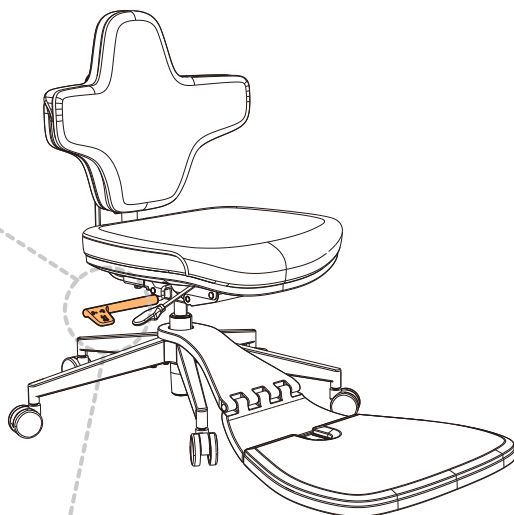

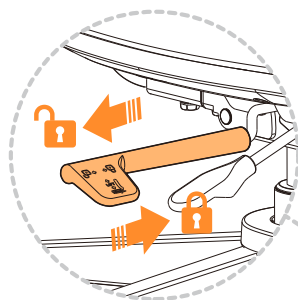

Seat Depth Adjustment

Lift up the lever, meanwhile move the seat forward/backward, then stop at wherever you feel comfortable.

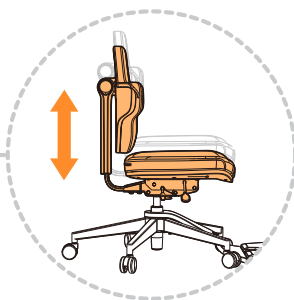

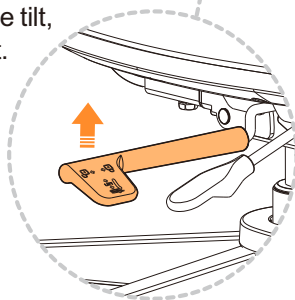

Please Note: If you do not lean your body back on the backrest with force when unlocking the adjustment mechanism, the backrest will get stuck, and it will not restore to the upright position.

Seat Back Tilt Adjustment

Pull out the lever, then lean backrest with force and adjust the angle of the tilt, push inward to lock it.

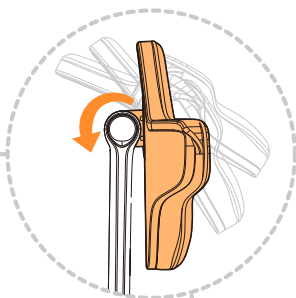

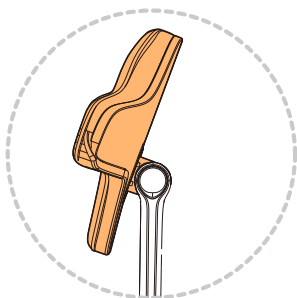

Seat Height Adjustment

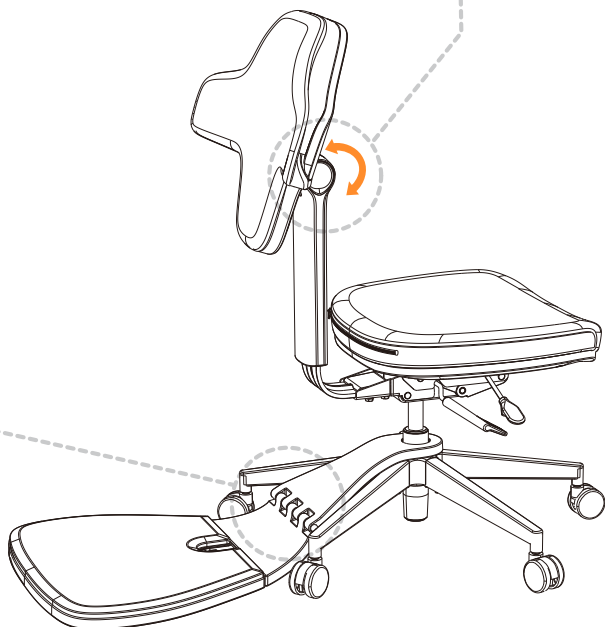

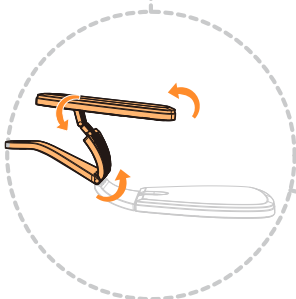

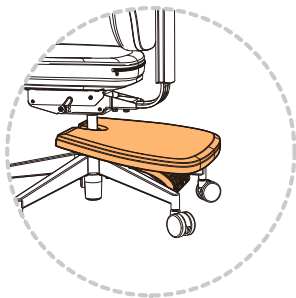

lift up the lever and stop at wherever you feel comfortable

Safety Warning: When using the chair in "Standing/Leaning Mode," you **MUST** unfold the Standing Mat and stand on it. This acts as a counterweight to prevent the chair from tipping over.

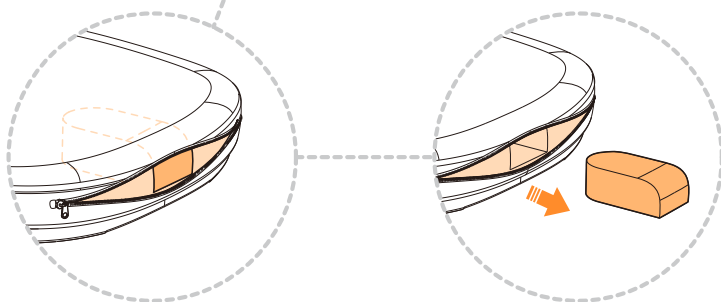

Multi-Angle Backrest: The backrest rotates to support various postures: Sitting, Standing, Leaning, and Reclining.

Folding/Unfolding: The Standing Mat can be folded away or unfolded as needed.

Tailbone Pressure Relief for extra comfort,
you can customize the seat cushion.

Unzip the rear cover and remove the foam block to create a relief
channel for your tailbone.

After-Sales Policy

Q: What services are available during warranty period?

A: You can contact your seller to get free replacement parts from us if there are any quality problems.
